

# Monitoring Services Overview

## **Monitoring, Report, and Score**

Daily monitoring of your personal records, including email alerts for any changes and an annual credit report and score.

## **Change of Address Monitoring**

Learn about changes to your United States Postal Service information that could indicate attempts to divert mail or open accounts in your name.

## **Social Security Number**

### **Trace Monitoring**

Review names, aliases and address history associated with your Social Security number for signs of fraud.

## **Sex Offender Registry Notification**

Make sure a sex offender is not using your identity, and learn about the sex offenders who are registered in your zip code.

## **Court Records Monitoring**

Make sure criminal acts are not reported under your identity.

## **Payday Loan Monitoring**

Make sure criminals are not taking out payday or quick cash loans, which do not require a credit inquiry.

## **Cyber Monitoring**

Rest easy knowing the internet—including the dark web—is monitored daily for potential fraudulent transactions made with your stolen personal information.

## **LifeStages Identity Management Services**

Learn how to protect you and your family with proactive education resources and guidance, and rely on fraud resolution experts for help when data is compromised.

## **\$25,000 Expense Reimbursement**

Rest assured any covered expenses you incur to resolve an identity theft event will be reimbursed with expense reimbursement insurance.
